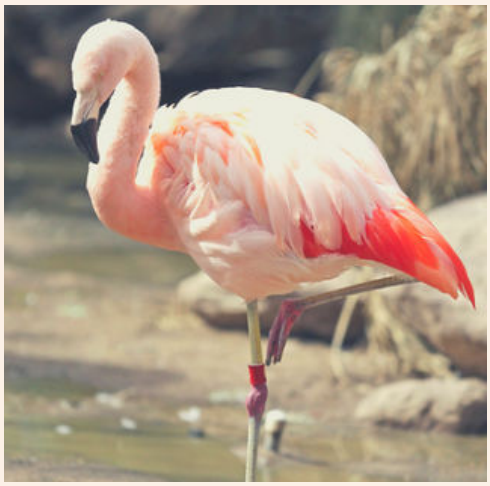
Which Andean Highland Flamingo Are You?

Flamingo 1



- I am relaxed and generally take life as it comes. No drama here.
- I enjoy hanging out with specific friends that I know well, but I also like to know my neighbors too.
- I really like hiking and walking in the mountains or other high places.
- I don't mind the cold. In fact, I prefer it over being too hot!

- **I am flamingo # 1.**

Flamingo 2

- Orange and yellow really are my favorite colors.
- I don't like to give too much away and in social situations, I can keep my cards quite close to my chest.
- I do enjoy a good dance, but I find that my dance moves are always different from those of my friends.
- I can be annoyed by bad manners and other people not being respectful of me and my personal space.

- **I am flamingo # 2.**

Flamingo 3

- I go for bold and contrasting colors that really make an impression. I am a big fan of colorful socks!
- When I go on holiday, it is to the hills or mountains, rather than anywhere too hot.
- I like to be part of a group and will normally be found with a crowd of friends that I know well.
- I don't like change, and I much prefer things to stay exactly the way they are.

- **I am flamingo # 3.**
